

**CS4 "Click and Lock" saddlebags are locked to the included chrome supports and easy to take off for the owner. Available in real and like-real leather**

Chapter 1 is all about bags, racks, eye protection, clothing and decals, such as our Lethal Threat "Bike Tattoos" decals, a full line of custom style stickers, embroidered patches and T-shirts. This is also where you will find the extensive line of Bobster eyewear and Zodiac-branded genuine Dickies pants, shorts and jackets. Sumax genuine fiberglass moulded hard saddlebags and a new, complete line of motorcycle luggage from CS4. This is also the Chapter where you can find our Bluetooth headsets, which are ideal for rider-to-passenger or rider-to-rider communication to a distance up to 500 meters (0.3 miles or 546 yards).

**The REDA gas can is the hottest new item for Baggers in 2011. You will never run out of gas again with this 4 liter jerrycan that fits in that blind spot of the hard luggage on Bagger models.**

**Top Shelf saddlebag organizers are perfect fitting trays to avoid that smaller items disappear in OEM hard saddlebags**

**Trollpack detachable top case for Touring models is a top case and rolling suitcase in one. Docking kit that fits the original Tour-Pack included**

### "CLICK & LOCK" SADDLEBAG KITS

The "Click & Lock" system on these bags allow you to lock them to your bike in just a few seconds. Un-locking and removing them is also done in a split second. Bags and included supports are made specifically to be a perfect fit for every application and won't damage your paintwork. The included saddlebag supports follow the contour of the motorcycle, are perfectly chromed and come complete with the required hardware. "Click & Lock" bags are available in genuine leather or tough waterproof leather-look material. All bags feature a rigid back side, reinforcements on all critical points, double edges on the flaps, discrete sliding grips on the top, nickel/brass buckles for those classic looks and hidden quick release buckles to make life easier. Bags and matching saddlebag supports come in complete kits, but are also available separately. Installation may require relocation of the turn signals onto the saddlebag supports.

## TOP SHELF SADDLEBAG ORGANIZERS

If you have ever dug through your hard bags only to find mangled sunglasses, cell phones, keys, smokes, lighters or other small item on the bottom of the bag then the Top Shelf Hard Bag Organizer is for you. These custom-molded trays are just three inches (7.5 cm) deep and store your valuables in the top of your hard bags for quick and easy access. The regular hard bag storage is still accessible underneath these installed units. Available to fit the OEM hard saddlebags on 1993 thru 2003, as well as for 2004 to present models. Top Shelf Saddlebag Organizers for 1993 thru 2003 models are designed specifically to fit left or right bags, where those for 2004 to present models fit on both sides. All organizers come with a grip rubber cushion floor. Alternatively, for the 2004 to present Top Shelf Organizers the separately available Pick-'N-Pluck foam insert with its removable perforated squares allow you to make a custom and secure storage of valuable electronics. And when you also install the 12 Volt Outlet Charger kit you can charge your cell phone, MP3-player, I-Pod or GPS while going down the road or parked on the roadside.

## NEVER RUN OUT OF GAS AGAIN WITH THE REDA JERRY CAN FOR BAGGER BAGS

If you have ever had that sick feeling of running out of gas in the middle of the night without knowing where the next gas station is or when you do not want to find out, the REDA Gas Can is a must-have for you. The Reda jerry can is designed specifically for your Harley-Davidson saddlebags. Your riding pleasure and confidence goes way up knowing you have an extra gallon (almost 4 liters) of gas sitting in one of your bags in case of that possibility of running out. As the Reda Gas Can fits left as well as right side saddlebags you can even take two of them, extending your driving range with an incredible 70 to 80 miles (110 to 130 km). They are Custom made to fit perfectly in that "hard to reach" back corner of the bag, so they hardly take up any space. The spill proof pouring spout sits under the cap inside the can, so it is there when you need it. The REDA Gas Can is EPA and CARB certified. Meeting these standards makes this gas can 100 % vapor proof and 100% spill proof, so there is no need to worry about fumes or gas in your bags.
