CAUTION

Before removing carburetor from motorcycle and rendering it inoperable, inspect contents of this kit for any missing parts referring to above bill of materials.

Proper OEM service manual must be referred to for correct installation and start-up procedures.

WARNING

Gasoline is very flammable and highly explosive under most conditions. Do not smoke or allow open flame or sparks anywhere in the area when refueling or servicing the fuel system.

REBUILD KIT FOR KEIHIN CARBURETOR

A new and improved rebuild kit for Keihins, resourced to include all the necessary parts required to rebuild any Keihin carburetor for Harley-Davidson from 1976 to 1989. This is the most complete kit available today and is an excellent example of the time and research that has gone into the entire new Zodiac "Genuine" gasket program. The kit contains 17 pieces, which is 8 pieces more than the "other guys".
